

PREPARE BOXES

Before starting with the order pack your products (**different categories must be divided in different boxes**), and measure weight and dimensions of each box (you will need this infos during the compilation of the order).

Package (box)

PRINT THE LABELS

During the final phases of the order you'll have to print the labels

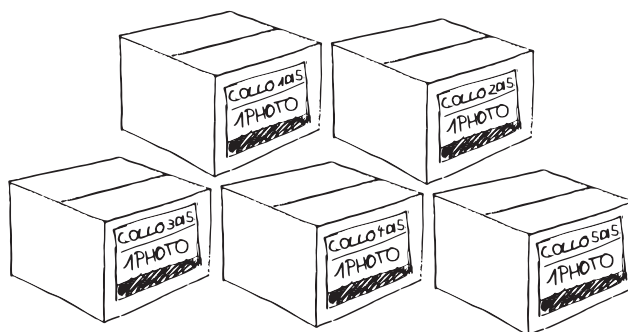

Labels for identification **PACKAGES (boxes)**

STICK LABELS ON THE BOXES

Stick each label on its own box. 1PHOTO will photograph the products on the photography set declared by labels, so **pay attention not to confuse one to another**.

SHIPPING DOCUMENT

After receiving your order confirmation go to your **PERSONAL AREA** to **download and print transport document**. You can use it in addition or in place of yours.
